Objective

A dedicated Computer Science student with a passion for software development, web technologies, and problem-solving. Eager to leverage my skills and experience to contribute effectively to team goals while delivering high-quality results. Looking for an opportunity to grow and make a meaningful impact in a dynamic environment.

Education

ADITYA COLLEGE OF ENGINEERING & TECHNOLOGY

Bachelor of Technology (B.Tech.) in Computer Science.
2023 - 2026 | CGPA: 7.76/10
Surampalem, AP, India

ADITYA ENGINEERING COLLEGE (II SHIFT POLYTECHNIC)

Diploma in Computer Engineering
2020-2023 | 93.42%
Surampalem, AP, India

SIDDARTHA HIGH SCHOOL 10TH

2019-2020 | 97.50%
Payakaropeta, AP, India

Skills

PROGRAMMING

Python • C++ • C • MySQL
HTML/CSS/JavaScript • Java

TOOLS/APPLICATIONS

Visual Studio Code • GitHub

LIBRARIES AND FRAMEWORKS

Bootstrap • ReactJS

TECHNICAL SKILLS

Problem Solving • Data Structures and Algorithms • Full Stack Web Development

Profiles

- LinkedIn
- GitHub

Experience

APSSDC | Summer INTERN

May 2025- June 2025 | Kakinada, Andhrapradesh

- Built a serverless receipt management system using AWS Lambda, API Gateway, S3, Textract, DynamoDB, and SNS to automate receipt extraction and notifications.
- Developed a secure frontend (HTML, JavaScript) to upload receipts via signed S3 URLs, reducing backend load.
- Implemented real-time email summaries via SNS, improving user access to organized financial data.
- Followed fine-grained IAM policies for secure access control and compliance.

Technical Hub | Web Development INTERN

August 2022- January 2023 | Kakinada, Andhra Pradesh

- Completed industrial training in web development, focusing on HTML, CSS, JavaScript, and responsive design.
- Developed interactive, user-friendly web pages and dashboards for data visualization.
- Gained hands-on experience integrating REST APIs and optimizing UI/UX for better usability.
- Learned modern web development workflows, version control, and deployment practices.

Projects

SMART RECEIPT ORGANIZER | [Link](#)

- Developed a serverless receipt management system to automate PDF upload, data extraction, and notifications, improving expense tracking efficiency.
- Implemented AWS Textract for automated key-value extraction, stored structured data in DynamoDB, and sent real-time email summaries via SNS.
- Technologies: HTML, JavaScript, AWS Lambda, API Gateway, S3, Textract, DynamoDB, SNS, IAM.

Aditya Food Express Website | [Link](#)

- Developed the front-end of the food delivery website from scratch using modern web technologies.
- Collaborated with designers and stakeholders to align features with project requirements.
- Technologies: HTML, CSS, JavaScript, Bootstrap.

Certifications

- Certificate of Merit – Recognized as a bright star of tech brilliance at Hack Vega
- Certification of Successfully completed the requirements for HTML and CSS by Information Specialist CERTIPOINT PEARSON
- Certification of Successfully Completed Short-Term Internship on Full Stack Development (MERN) by SmartBridge Educational Services Pvt. Ltd.
- Certified in Python Essentials 1 – Cisco NetAcad
- Certificate of Completion – Successfully completed the course under the Summer Online Internship Program – 2025 conducted by Andhra Pradesh State Skill Development Corporation (APSSDC).
- Certification of participate on in Web & Cloud Bootcamp by Technical Hub Pvt. Ltd.

Achievements

- Recognised as a bright star of tech brilliance at HackVega nationwide hackathon (June 2025).
- Awarded "Best Performer" in Industrial Training program for outstanding contributions among 100+ participants.
